# WE ARE THE EXPERTS

Welcome to our **Spanish Homestay Immersion Programme (SHIP)** in Valencia province!

The Spanish Homestay Immersion Programme (**SHIP**) is our hands-on alternative to **Spanish Intensive Courses**. Live and breathe the Spanish way of life and immerse yourself in Spanish culture.

This programme is offering you the truly unique opportunity to **live** and **learn Spanish** in your TEACHER'S HOME in VALENCIA PROVINCE!

# ABOUT YOUR HOST TEACHER IN VALENCIA

As a language teacher, I have learned to make the most of my time, the **right tools** for each learning stage and the **right techniques** for each student, because not all students are the same.

In my personal experience, the Immersion Course is an extraordinary tool, especially to **gain fluency** in the target language and **tackle the lack of confidence** that we feel at times.

This type of experience helps a lot to **overcome all the obstacles** of learning a new language.

## Likes and passions:

- Psychology
- Personal development

- Art, cinema and sports

I would love to be your **"journey partner"** teaching you Spanish language and Spanish culture in situ.

Undoubtedly, this is the **best way to learn to SPEAK SPANISH.**

*¡HASTA PRONTO!*

**PILAR**

**"I try to share my own hobbies with my students if they are willing to have new experiences in a beautiful city like Valencia".**

# PROGRAMME OVERVIEW

With this course, you will be able to:

- **Speak Spanish** more confidently
- Learn the **customs and traditions** of Spanish culture
- Share **social activities** with Spanish people
- Live in a completely **Spanish environment**

Our course gives you the chance of a **full immersion experience**, living and being taught by your private teacher for one week or longer.

The students have **10 hours or more of Spanish lessons** that we can do outdoors on the terraces or inside the house.

The programme is **adapted to the level of the students** and based on their needs. All lessons are **practical** and hands-on with students having to put into practice what they have learned in their classes with the teacher.

Throughout the course, students **live with their Spanish teachers** in Spain, gaining natural exposure to the language through everyday **conversations with natives, Spanish cultural trips** and **social outings**.

## PRACTISE SPANISH IN REAL LIFE!

This Spanish Homestay Immersion Programme focuses on the **four core skills** of language (reading, writing, listening, and speaking), as well as pronunciation and intonation.

Our Spanish instructors are **native Spanish speakers** with many years of experience teaching Spanish to English pupils. The teacher creates a **bespoke programme** based on the initial **language level test** taken with the teacher in **two online sessions** before arrival.

# ADOLESCENTS 16-19

## What the programme includes:

- 2 initial introduction lessons online with your Spanish teacher, including a level test, and preparations for the trip before departure
- 10 hours one-to-one tuition per week
- Study materials
- Assessment improvement test on the final day
- Comprehensive end-of-course report
- Attendance certificate

We have vetted all of our teachers and require that they have a DBS (**police check**) as well as a **safeguarding children certificate**. Students are loved and welcomed as part of the family at Spanish homestays for kids, where daily speaking practise is provided.

If specialised instruction is required, we have teachers that are qualified to teach dyslexic students. On request, we may also arrange a themed homestay focused on a specific activity.

## Who is this course recommended for?

**Students between the ages of 16 and 19 are eligible for the 16+ SHIP.**

We recommend this course for:

- **Sixth Form students** looking to boost their Spanish AS and A-Level grades
- Those looking to advance their Spanish proficiency before work or starting university, for qualifications such as **DELE** and **SIELE**
- **Adolescents hoping to improve their Spanish** language solely for self-improvement and higher confidence in communication skills
- **Young travel lovers** seeking safe and enjoyable adventure overseas

# ADOLESCENTS 16-19

We recognise that children have a shorter attention span than adults, and therefore we try to make **learning enjoyable** through various exciting activities and field trips.

We provide a **course that is specifically tailored to your exam**. The exam in question is relevant to all course preparation and implementation.

On our teamwork, we have **A-level specialists** who have a high success percentage with their pupils.

This **curriculum is flexible** and appropriate for any adolescent at any level of Spanish fluency, from beginner to advanced/proficiency.

We determine the student's level with a language proficiency test through two online lessons **prior to departure**, and, from this, teachers can construct a personalised curriculum.

This course provides pupils with many opportunities for conversation at mealtimes, in the evenings, and on excursions.

# OTHER IMPORTANT INFORMATION

## HEALTHCARE

EU residents are entitled to free health care while in Spain for holidays or for the first three months of their stay, so long as they can provide an EHIC (European Health Insurance Card). This will cover any immediate treatments needed. Medical conditions that do not require immediate treatment might incur charges. The EHIC card is not valid for health care in Spain if the holder is a Spanish resident.

The card only covers you for publicly-funded health care in Spain, not private, so make sure that the clinic or surgery you attend is aware of this, especially if both public and private services are on offer. Also, should you need an ambulance, make sure that it takes you to a hospital that offers treatment that the EHIC card will cover.

## ENGLISH-SPEAKING DOCTORS & NURSES

It is possible, but not guaranteed, that you will find an English-speaking nurse or doctor in most hospitals. If an English-speaker is not available, most health services, particularly those in touristy areas, will provide an interpreter at a cost. In some regions, doctors refuse to treat patients who cannot speak Spanish unless they have an interpreter, as it can double diagnosis time. Finding an English-speaking doctor in a private hospital is almost guaranteed.

## DENTISTS

Visits to the dentist must be paid for in Spain and are not available under the state system except in certain circumstances. Children aged 6 to 15 years old have the right to a free dental health programme. In popular ex-pat areas along the coast, there are several dental practices that cater to English speakers. Private dental work in Spain tends to be cheaper than private dentistry in the UK.

## PHARMACIES

Pharmacies are everywhere in Spain, even in the smallest villages, indicated by an illuminated green cross. The prescription service is much more relaxed than in the UK, with many items that would require prescriptions in the UK available over the counter. These include antibiotics and asthma inhalers, as just two examples.

## CONTACTS

The Department of Health has two offices in Spain, which can deal with health care enquiries from British nationals either visiting or living in Spain. You can find more details at [healthcareinspain.eu](http://healthcareinspain.eu).

## VISAS

### What documentation is required to travel to Spain?

The documentation required to travel to Spain varies according to the country of origin. If you are a citizen of an EU country, Switzerland, Norway, Iceland or Lichtenstein, you will need a valid passport or ID card. Additionally, in the case of a minor travelling with an ID document, this must be accompanied by written permission from the parents. If you come from another country: The maximum stay in Spain is 90 days.

There are several countries whose citizens are required to have a valid current visa to enter Spain.

You can check them on this list:

<http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/InformacionParaExtranjeros/Documents/listapaisesvisado.pdf>

Citizens of these countries can also travel to Spain if they have a residence permit or a long-term visa issued by another country in the European Union (except for the United Kingdom, Ireland, Romania, Bulgaria and Cyprus), Switzerland, Norway, Iceland and Lichtenstein.

Citizens of all other countries must own documents that justify the object and the conditions of their stay and have sufficient economic resources for their maintenance throughout the period they are intending to remain in Spain. The documents they are required to present will vary according to the motive for the trip.

Nearest airport: Aeropuerto de Valencia (VLC)

It is advisable to take out travel insurance for your trip.

Given that conditions may vary, we suggest you contact the Spanish Embassy or Consulate to verify these requirements before you start your trip

## WEATHER

Valencia has a Mediterranean climate with mild winters and hot summers. Its average annual temperature is 22.8 °C during the day and 13.8 °C at night. In the coldest month - January, the temperature ranges from 14 to 20 °C during the day and 4 to 10 °C at night. In the warmest month - August, the temperature ranges from 28 to 32 °C during the day and from 21 to 22 °C at night.

### Tip!

The weather is pleasant for most of the year. However, you'll experience the absolute best weather from April to the end of June making these months particularly attractive for a visit to the city.
