WE ARE THE EXPERTS

Welcome to our **Spanish Homestay Immersion Programme (SHIP)** in Navarra province!

The Spanish Homestay Immersion Programme (**SHIP**) is our hands-on alternative to **Spanish Intensive Courses**. Live and breathe the Spanish way of life and immerse yourself in Spanish culture.

This programme is offering you the truly unique opportunity to **live** and **learn Spanish** in your TEACHER'S HOME in NAVARRA PROVINCE!

ABOUT YOUR HOST TEACHER IN NAVARRA

My experience as a teacher, after **several years teaching** from scratch to students from different countries, has been rewarding for my family and me. This experience has brought us closer to other cultures, and we have **exchanged customs** and taught our language and traditions.

We have lived moments of study, we have done practical activities to apply the knowledge acquired, and we have experienced very nice **family moments**, being the most rewarding as the memory of each of our students has stayed in our hearts.

My husband Raul and I live in Tudela, Navarra; we are a large family since we have 4 teenage children. We have been a **host family for many years; we love meeting new people and their cultures.**

Likes and passions:

- Family time
- Playing board games
- Being in contact with nature
- Travel
- Learning new things

In our family, you will enjoy and learn to read, write and speak Spanish and, while doing family activities, **you will feel like a member of the family.**

Come and visit us!

ELENA

"We have experienced very beautiful family moments, the most gratifying being the memory of each of our students that has remained in our hearts".

PROGRAMME OVERVIEW

With this course, you will be able to:

- **Speak Spanish** more confidently
- Learn **customs and traditions** of Spanish culture
- Share **social activities** with Spanish people
- Live in a completely **Spanish environment**

Our course gives you the chance of a **full immersion experience**, living and being taught by your private teacher for one week or longer.

The students have **10 hours or more of Spanish lessons** that we can do outdoors on the terraces or inside the house.

The programme is **adapted to the level of the students** and based on their needs. All lessons are **practical** and hands-on with students having to put into practice what they have learned in their classes with the teacher.

Throughout the course, students **live with their Spanish teachers** in Spain, gaining natural exposure to the language through everyday **conversations with natives, Spanish cultural trips** and **social outings**.

PRACTISE SPANISH IN REAL LIFE!

This Spanish Homestay Immersion Programme focuses on the **four core skills** of language (reading, writing, listening, and speaking), as well as pronunciation and intonation.

Our Spanish instructors are **native Spanish speakers** with many years of experience teaching Spanish to English pupils. The teacher creates a **bespoke programme** based on the initial **language level test** taken with the teacher in **two online sessions** before arrival.

You can study individually or travel with loved ones, with groups of up to 6 of roughly the same fluency level.

What the programme includes:

- 2 initial introduction lessons online with your Spanish teacher, including a level test, and preparations for the trip before departure
- 10 hours one-to-one tuition per week
- Study materials
- Assessment of improvement test, on the final day
- Comprehensive end-of-course report
- Attendance certificate

Who is this course recommended for?

Students above the age of 18 are eligible for the Adult SHIP.

You are guaranteed to love this experience if you are a/an:

- **Mature student** looking for a premium and personalised experience to improve their language skills in a short period of time
- **Corporate personnel** who requires higher levels of proficiency at work
- **Adult** wanting to improve their travel experiences whilst immersing themselves in the culture of Spain
- **Student** looking to boost their preparations for higher qualifications such as DELE or SIELE
- **Travel lover** seeking self-improvement on an enjoyable adventure

This **curriculum is flexible** and appropriate for any adult at any level of Spanish fluency, from beginner to advanced/proficiency.

In online lessons prior to departure, a **language level test** determines the student's level, and from this teachers can construct a personalised curriculum.

This course provides you with many opportunities for conversation at mealtimes, in the evenings, and on excursions.

OTHER IMPORTANT INFORMATION

HEALTHCARE

EU residents are entitled to free health care while in Spain for holidays or the first three months of their stay, so long as they can provide an EHIC (European Health Insurance Card). This will cover any immediate treatments needed. Medical conditions that do not require immediate treatment might incur charges. The EHIC card is not valid for health care in Spain if the holder is a Spanish resident.

The card only covers you for publicly-funded health care in Spain, not private, so make sure that the clinic or surgery you attend is aware of this, especially if both public and private services are on offer. Also, should you need an ambulance, make sure that it takes you to a hospital that offers treatment that the EHIC card will cover.

ENGLISH-SPEAKING DOCTORS & NURSES

It is possible, but not guaranteed, that you will find an English-speaking nurse or doctor in most hospitals. If an English speaker is not available, most health services, particularly those in touristy areas, will provide an interpreter at a cost. In some regions, doctors refuse to treat patients who cannot speak Spanish unless they have an interpreter, as it can double diagnosis time. Finding an English-speaking doctor in a private hospital is almost guaranteed.

ENGLISH-SPEAKING DENTISTS

Visits to the dentist must be paid for in Spain and are not available under the state system except in certain circumstances. Children aged 6 to 15 years old have the right to a free dental health programme. In popular ex-pat areas along the coast, several dental practices cater to English speakers. Private dental work in Spain tends to be cheaper than private dentistry in the UK.

PHARMACIES

Pharmacies are everywhere in Spain, even in the smallest villages, indicated by an illuminated green cross. The prescription service is much more relaxed than in the UK, with many items that would require prescriptions in the UK available over the counter. These include antibiotics and asthma inhalers, as just two examples.

CONTACTS

The Department of Health has two offices in Spain, which can deal with health care enquiries from British nationals either visiting or living in Spain. You can find more details at healthcareinspain.eu.

VISAS

What documentation is required to travel to Spain?

The documentation required to travel to Spain varies according to the country of origin. If you are a citizen of an EU country, Switzerland, Norway, Iceland or Lichtenstein, you will need a valid passport or ID card. Additionally, in the case of a minor travelling with an ID document, this must be accompanied by written permission from the parents. If you come from another country: The maximum stay in Spain is 90 days.

There are several countries whose citizens are required to have a valid current visa to enter Spain.

You can check them on this list:

<http://www.exteriores.gob.es/Portal/es/ServiciosAlCiudadano/InformacionParaExtranjeros/Documents/listapaisesvisado.pdf>

Citizens of these countries can also travel to Spain if they have a residence permit or a long-term visa issued by another country in the European Union (except for the United Kingdom, Ireland, Romania, Bulgaria and Cyprus), Switzerland, Norway, Iceland and Lichtenstein.

Citizens of all other countries must own documents that justify the object and the conditions of their stay and have sufficient economic resources for their maintenance throughout the period they are intending to remain in Spain. The documents they are required to present will vary according to the motive for the trip.

Nearest airport: Pamplona (PNA)

It is advisable to take out travel insurance for your trip.

Given that conditions may vary, we suggest you contact the Spanish Embassy or Consulate to verify these requirements before you start your trip

WEATHER

In Tudela, summers are warm and mostly clear; winters are cold, windy and partly cloudy, and dry throughout the year. During the year, the temperature generally varies from 3 °C to 32 °C and rarely drops below -2 °C or rises above 37 °C.

Tip!

Based on the beach/pool score, the best time to visit Tudela for hot activities is from early July to late August.
